Volunteer Community Service Project Information

The City of West Jordan is grateful to citizens who get involved in improving our community. By filling out the information below, the City can help you find a project best suited to what you are looking to help with. The City will try to accommodate your preferences, but projects are assigned on an as-needed basis. Keep in mind that although we will do our best to partner with our citizens to improve the City, we do not have funds to erect monuments or make improvements solely for special projects. However, a citizen could make fundraising for a project part of the community service (i.e., raising the money for the cost to erect a flagpole, purchasing the materials, and installing a flagpole). Eagle scouts should visit www.scoutorama.com/project for more ideas.

Please provide the City with the following information:

Name Email

Phone Address

Will this project be completed by an individual or a group?

What is the group/organization name?

How many volunteers will you plan on having?

What age range are your volunteers?

When do you plan to start your project?

When does it need to be completed?

Do you have interest in a specific type of project (safety, clean up, assisting elderly, etc.)?

The following is a list of typical community volunteer projects. Please mark project(s) you would be interested in, or provide a description of the project you have in mind below:

- Sidewalk sweeping along major roads
- Trash pick-up along trails
- Painting/staining of restrooms or play structures
- General park clean-up (trash removal, weed abatement, etc.)
- Graffiti removal from City property
- Painting fire hydrants
- Painting curbs at City facilities
- Other (attach further description if needed) _____

Do you have a particular area you would prefer to perform the service in? Yes No If so, what area?

Do you have any special skills/experience that could be beneficial to your project?
