

## MILITARY SERVICES MONUMENT MEMORIAL BENCH

The City of West Jordan's Memorial Bench program is a lasting way to honor those who have defended the freedoms we hold dear. The benches will be installed around the Military Services Monument, which features a reflecting pool and two 9x40-foot murals that depict scenes from the Revolutionary War through the War in Iraq. The benches will provide a permanent place for quiet reflection and serve as a lasting reminder future generations will enjoy.

Several locations are available for bench placement, and you can choose the bench size and style and plaque verbiage that fits your vision. You can also inscribe an inspirational quote or phrase on the bench.

Gardens and division flags and post surround the benches giving visitors a peaceful spot to remember that "eternal vigilance is the price of freedom."

The American Flag is located at the head of the reflecting pool and flies proudly in the West Jordan sky. The monument is lit at night, welcoming visitors from sunrise to 11 p.m.

Purchasing a Memorial Bench is a lasting way to pay tribute to those who protect our way of life in times of peace and war. Find out more by calling 801-569-5119.
