## **BACKGROUND DISCUSSION:**

The list of designated truck routes in the City has been changed to reflect several new streets and intersections constructed since the last update in 2007. The update to the Transportation Master Plan in June 2015 included extensive public input to the truck routes and future streets in the City. Two truck routes maps are included with this report:

- The Current Truck Routes: and
- The Proposed Truck Routes.

Engineering staff recommends the City Council approve the updated Truck Routes Ordinance. Staff is requesting approval of the updated ordinance so that the truck routes may be posted with signs and enforced by police in the City of West Jordan.
