

The test results for the position of Police Officer/Recruit Officer are listed below. The candidates were ranked and grouped together based on overall testing percentages. Scores were close enough to create groups of candidates that tested close together. Rank 1 had the highest scores, rank 3 the lowest. Candidates are then listed in chronological order based on their testing number, not their scores within a rank group. The Police Administration has the ability to select from any candidate in rank 1 at this time. Each candidate in rank one will be considered before moving to rank 2 and so on. This list will be used for hiring during the next year.

RECRUIT TESTING NUMBER	RANK	FINAL SCORE
2	1	150.075
3	1	168.311
7	1	168.448
16	1	149.965
